

## ABOUT THESE LEAFLETS

This is the first set in a series of meeting plans particularly designed for groups wishing to explore the possibility of becoming a Christian Life Community. The assumption is that a group uses this material after attending an information session about CLC. If you would like to arrange an information session for your group or parish, please contact the CLC Office, 114 Mount Street, London W1K 3AH.

You will need to photocopy 'Welcome - the introductory leaflet' and 'Starting out Together - at the first meeting'. After that, when you know how many people are in your new group, please order a copy of this set of leaflets for each person. They are available from the CLC office, 114 Mount Street, London W1K 3AH - an order form is included in this pack. We ask that you do not photocopy the leaflets yourself, other than those you need for the first meeting, as they have been expensive to produce and we need to recover some of our costs through the moderate price we charge for each set. But if you accidentally lose one plan there is no objection to copying that particular plan.

We hope very much that you enjoy using this material. Use it flexibly. Space does not allow us to keep saying that, but everything in here is simply a suggestion and we assume that you will adapt it according to the needs of your particular group.
