

ABOUT THESE LEAFLETS

This is the second set in a series of meeting plans particularly designed for groups wishing to explore the possibility of becoming a Christian Life Community. The assumption is that you would have used the first set before embarking on the enclosed meeting plans. You will find an order form for the first set within. We recommend that groups showing an interest in CLC attend an information session about it. One can easily be arranged by contacting the CLC Office, 114 Mount Street, London, W1K 3AH.

The first set, among other things, encourages you to reflect in prayer on the hallmarks of CLC: Community, Ignatian Spirituality, and Mission. This set helps you to reflect further on your spirituality and on some of the tools of Ignatian spirituality.

We do ask you not to photocopy this material as it has been expensive to produce and we need to recover some of our costs through the moderate price we charge for each set, but if you accidentally lose one plan there is no objection to copying that particular plan.
